OFFICE OF THE VICE CHANCELLOR FOR RESEARCH & GRADUATE EDUCATION WAISMAN CENTER

Dear Hiring Manager,

I am writing to express my strong interest in the Cleanroom Maintenance Assistant position at the Waisman Center. As an incoming freshman at UW Madison majoring in computer science, I believe I can contribute to the maintenance and operations of the cleanroom facility while gaining valuable experience.

Having carefully reviewed the job description, I am excited about the opportunity to assist the manufacturing, maintenance, and operations staff in upholding the highest standards of cleanliness and adherence to FDA's current Good Manufacturing Practice guidelines.

In addition to my enthusiasm and commitment, I possess a strong set of skills that make me well-suited for the Cleanroom Maintenance Assistant position. With my attention to detail and commitment to maintaining a sterile environment, I have honed these skills through various volunteer and extracurricular experiences. As a volunteer at my local ISKON Mandir near my former residence in sammamish washington, I served food at the kitchens and festivals, ensuring efficient handling and movement of supplies for events. I have also volunteered at various other locations such as my local YMCA, as well as Eastside baby corner. I have also been an active participant in various clubs in my high school, demonstrating my well developed interpersonal skills. I have also worked on my own personal programming projects, demonstrating my ability to problem solve and stay committed towards long term goals. With a background in computer science, I bring a unique perspective and a systematic approach to tasks, combining technical knowledge with precision and thoroughness. I am confident that my skills, coupled with my passion for maintaining cleanliness, make me a valuable asset to the Waisman Center's team.

Thank you for considering my application. I am confident that my skills, passion, and commitment make me a strong candidate for the Cleanroom Maintenance Assistant position. I would welcome the opportunity to discuss my qualifications further and how I can contribute to the success of the Waisman Center.

Please find my enclosed resume for your review.
Thank you for your time and consideration.

Sincerely, Abhimanyu Sharma
6/28/23
